Subject: **CHANGE OF SUPPLIER ADDRESS AND BANK DETAILS**

Dear Customer,

To further optimise our logistics and ensure continuity to our customers we have decided to move all our non-commercial activities from SPS-Europe GmbH to our central headquarters in The Netherlands, SPS-Europe BV. At our HQ in The Netherlands we have centralised stock and a large team available at our customer service department (customerservice@sps-international.com) to provide technical support and order processing. Furthermore, this will eliminate unnecessary internal communication that sometimes leads to errors.

Your principal points of contact for commercial matters will not change at this point of time. All account managers can also always easily be reached via sales@sps-international.com.
