

MANUAL SMIF POD OPENER

The WHS-O7-SMIF is a precision-engineered manual pod opener specifically designed for the secure opening and closing of SEMI E19.3 and E19.4 SMIF pods used for 200 mm wafers. This compact tabletop device unlocks the pod's center spring-loaded lock, allowing for effortless operator access. Once the lid is removed, it can be conveniently placed on the built-in stainless steel storage rack, keeping the lid clean and contamination-free during wafer handling operations.

Manufactured with antistatic and abrasion-resistant materials, the WHS-O7 ensures maximum protection for valuable wafers, preventing contamination while ensuring long-lasting durability. The device complies with stringent ISO 3 cleanroom standards, making it an ideal solution for high-precision semiconductor environments where cleanliness is critical.

Compatible with all SEMI E19.3 and E19.4 SMIF pods, the WHS-O7 provides precision craftsmanship for secure and easy pod handling. Its manual operation is user-friendly, while the compact design fits efficiently into any cleanroom workstation.

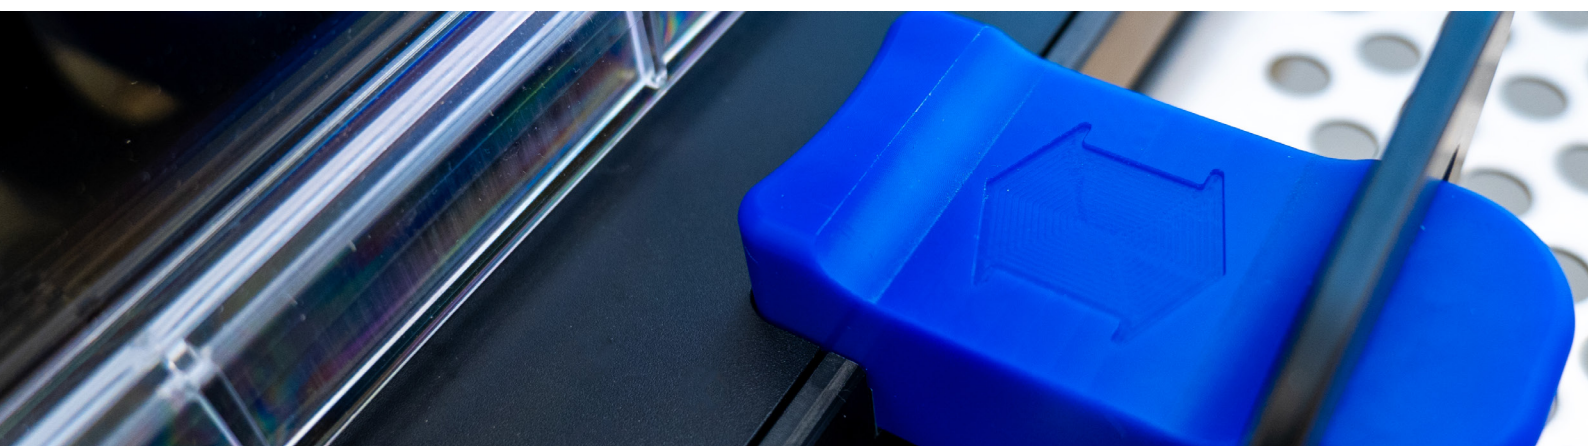

The WHS-O7 is the perfect solution for maintaining wafer integrity during pod handling in semiconductor manufacturing. Manufactured in an ISO9001 certified facility and CE certified, this tool guarantees reliable, high-performance operation for your SMIF pod needs.

FEATURES AND ADVANTAGES

- Precision manual opener for SEMI E19.3 and E19.4 SMIF pods
- Antistatic and abrasion-resistant materials for wafer protection
- Integrated stainless steel rack keeps lid contamination-free
- Compact tabletop design for efficient cleanroom use
- ISO 3 cleanroom compliant for high-precision environments

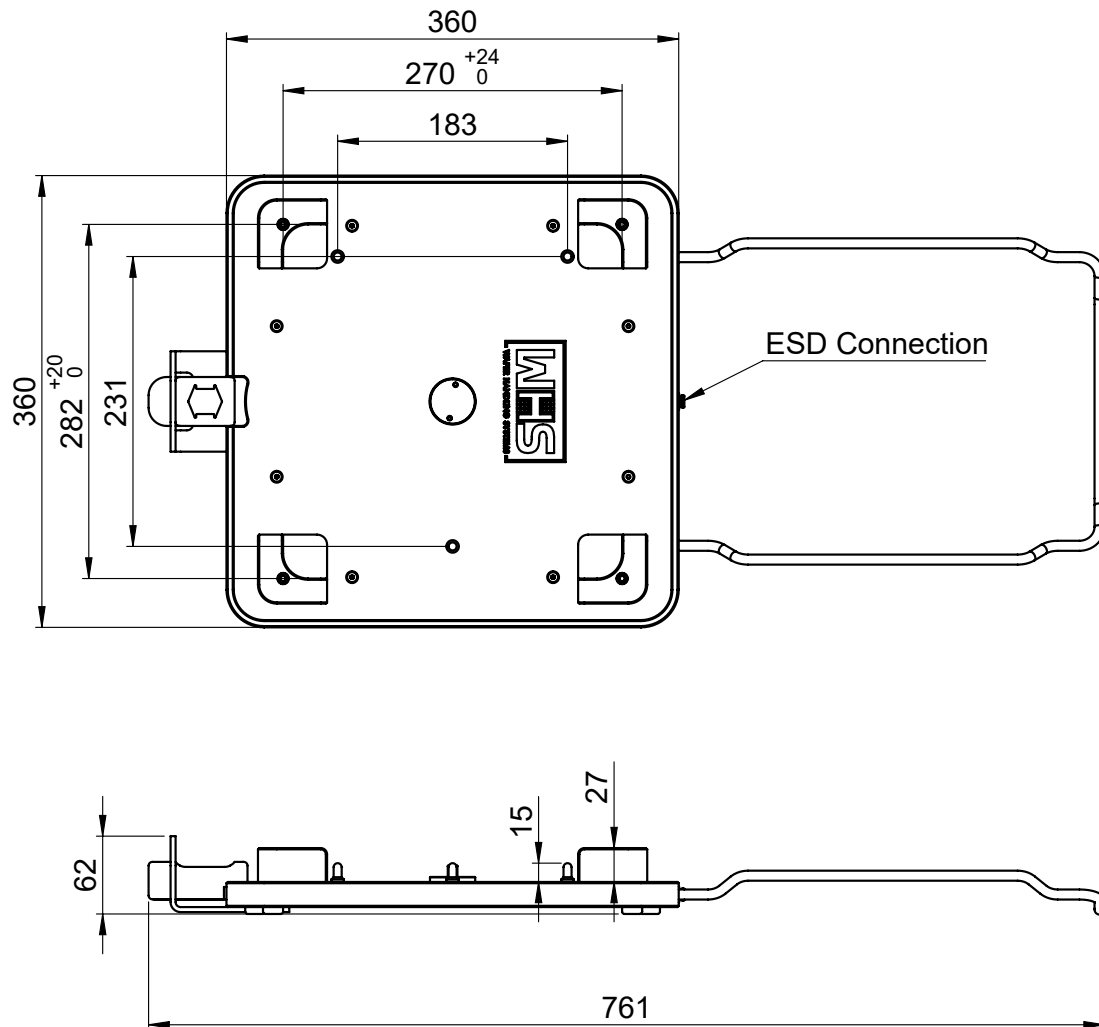

MANUAL SMIF POD OPENER

ITEM	SPECIFICATIONS
Pod type	SMIF (E19.3 or E19.4)
Material, base	Anodized aluminum
Material, lid rack	316 stainless steel
Material, guides/handle	Antistatic Polyoxymethylene
Cleanliness	ISO 3 (Class 1 FS209E)

ORDERING INFORMATION

WHS-O7-	SMIF
CODE	MODEL
SMIF	Manual RSP200 pod opener

**Materials:**

Top: Anodized Aluminium

Lid Rack: Stainless Steel

Frame: Antistatic POM

Handle: Antistatic POM

Feet: Antistatic Polyurethane
